

# Goldsboro Weekly Argus.

VOL. XVII.

GOLDSBORO, N. C. THURSDAY, AUGUST 10, 1899.

NO 106

## ROYAL Baking Powder

Made from pure cream of tartar. Safeguards the food against alum.

Alum baking powders are the greatest menaces to health of the present day.

## OUR LOCAL OPTIC.

Lt. Griffin has closed the recruiting office for the U. S. Volunteer army, recently opened in this city.

The "hot wave" is still with us, and it seems the most intense that has ever settled down upon a sweltering people.

Mr. and Mrs. P. G. Perkins, of Saulston, have the sympathy of the community in the death of their baby last Friday night.

The many friends of County Treasurer, E. B. Hood, will regret to learn of his serious illness. All wish for him an early recovery.

The many friends of Mrs. Lou Edwards, will regret to learn that she is still prostrated with fever, with no symptoms of an early recovery.

The 15th of August is the date for Hollowell & Peterson's excursion to Morehead City. The fare for the round trip is \$1. All who go may be assured of a pleasant trip. Remember, they go, "rain or shine."

Mr. Curtis Prince, who left here with the firemen Tuesday morning, was brought home on the train Thursday with a high fever. He is a son of Mr. Amos Prince, and he was taken home in a vehicle on a cot. His many friends hope he will soon recover.

The vestry of St. Stephen's Episcopal church have extended a call to Rev. Wm. Capers, of Anderson, S. C., to the rectory of this church. We welcome Mr. Capers to our city and hope that he may accept the call extended to him.

Mr. W. H. Borden is having the front of his handsome building at the corner of Walnut and West Centre streets remodeled. The door will be moved from the corner to the centre of the building and large plate-glass show windows will be put in.

A crowded excursion passed through Goldsboro last Friday on the way to Wilmington from Dunn. There were five coaches and over 400 people on the train. This was one of Hatch Bros., excursions, which fact accounts for the large crowd. These popular managers are known throughout the entire section and it matters not from what point they start their popularity will always bring them large crowds.

The firemen returned Saturday from Greensboro. They were dusty and weary. The "high carnival" they had been holding in Greensboro since Tuesday was beginning to tell, and "interest in the game" was waning. One second prize was won by No. 1 Horse Hose Wagon team. The hand reel team of this company made a good run, but were ruled out on some minor technicality. Another second prize was won for throwing water by the Eclipse Steam Fire Engine. The Eclipse Horse Hose Wagon team, which lowered the world's record here last year and won first prize at the Columbia, S. C., tournament this year, were in hard luck at Greensboro. The horse failed to start on time. They would most surely have won the first prize and would doubtless have lowered their own record, which has never been beaten. Our department won the prize for the finest appearance and equipment which sustains the claim of the ARGUS that we've got the finest fire department in the State. Emmet Kornegay won the State championship as a runner.

That Throbbing Headache. Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by J. H. Hill & Son, Druggists.

## ONE THOUSAND DOLLARS.

Mr. Henry Weil's princely gift to the University Library.

Mr. Henry Weil, senior member of the great house of H. Weil & Bros., of this city, while actively engaged in business, always has time to devote to the cause of education. He not only cheerfully gives his time, but his money. For years he has given annually forty dollars in gold to the two students who stand highest in the graduating class of the Goldsboro Graded School. In a modest way, he goes in and out among our people, ever ready to lend a helping hand to all worthy causes. Knowing him as we do, we were not surprised when we heard that Mr. Weil had given one thousand dollars in cash to the Library of the University of North Carolina. It is a splendid gift. Who can estimate the good the great number of books will accomplish as the years come and go, not only to the present generation but to the generations yet unborn.

The Raleigh Post thus speaks of the princely gift of our philanthropic townsman:

"Mr. Henry Weil, one of Goldsboro's prominent citizens and merchants, proved his love and loyalty to his State recently by giving to the University Library the goodly sum of one thousand dollars in cash. To no department could this generosity have been bestowed to better or more far reaching advantage, becoming as it does a permanent provision for the benefit of those who now and are yet to enjoy the privileges of the old University. The name of the benefactor should become a permanent fixture of the institution, so that those who come after may know and properly revere one so thoughtful of their good. The University has fallen, indeed, of late, into the hands and the hearts of its friends. May the good work go on. The Post rejoices when it hears of any addition made to the usefulness of any of our educational institutions."

## RURAL RETREAT.

Ham's Hotel, Splendidly Kept—Water of 9th and 10th Springs as Fine Mineral Water as in North Carolina.

If a person was blind-folded, put on the train and taken 100 miles and back, then placed in a carriage and carried to Seven Springs, at Ham's Hotel, if the person had never been there before, as he looked at the hills and beautiful scenery, he would think that he was in the Piedmont section of North Carolina, among the foot hills of the mountains.

Thousands of our Goldsboro people have no conception of the beauty of its scenery, the wonderful mineral water of the Springs—clear and cold, and the excellent fare and accommodation at Mr. H. J. Ham's Hotel—Rural Retreat.

Only a few days ago, the writer for the first time drank of the wonderful water of the 9th and 10th Springs, and witnessed their effects.

No wonder the people who go to Rural Retreat—Ham's Hotel, are delighted. It is an ideal place to rest and gain health.

## A GENEROUS ACT.

Raleigh Post.

That was a very gracious act on the part of Mrs. Manning the widow of the late Dr. John Manning, in presenting to the University the splendid law library of her distinguished husband. This will form the nucleus of an indispensable adjunct to the Law School, the giving of which the noble woman but perpetuates the work as well as the memory of her husband in connection with the institution to which he so loyally devoted the later part of his life. The gift was a gracious one, for which every friend of the University will hold the giver in grateful remembrance.

THE BEST PRESCRIPTION FOR COLIC AND fever is a bottle of GROVE'S TASTELESS CHILL TONIC. Never fails to cure; then why experiment with worthless imitations? Price 50 cents. Your money back if it fails to cure.

## FIREMEN'S TOURNAMENT.

Some Lively Kicking Done, But the South-side Boys Win the Belt and the State Championship. Greensboro Telegram, Aug. 4.

The firemen's tournament closes to-day. It has been one of the most exciting ever held, some of the Goldsboro and Newbern boys losing their tempers and acting ugly, saying some very hard things about the Greensboro firemen and the water supply. We suppose, however, that the sting of defeat was very keen and in such a burning sun, the boys were liable to say things which they will afterwards regret.

## CHAMPIONSHIP REEL RACES.

Fayetteville, time 54. Goldsboro, time 51, ruled out. Greensboro, Southside, time 49. Salisbury, time 52, ruled out. Newbern, time 50, ruled out. Salem, time 51.

## HORSE HOSE WAGON RACES.

Goldsboro Eclipse led off, the horse taking a complete turn before starting on the run, but they showed water in 59 seconds.

Newbern, time 43 4-5.

Goldsboro, No 1, time 44 4-5.

Greensboro, 46 4-5.

Winston, No 1, 46.

Newbern gets first prize and Goldsboro second.

An exhibition race by Goldsboro Eclipse was permitted by President McNeill.

## STANDING STEAM.

Newbern, time 2 48.

Winston, time 4 49.

## NOTES.

The protests entered yesterday in the Goldsboro and Newbern cases were sustained, thus giving the Southside hose company the prize in the 150-yard reel race. The championship race was 300 yards. The Southside also won second prize in the grab race, Charlotte winning first.

The prize for the horse hose wagon race, which goes to Newbern, was given by the Southern Stock Mutual and Underwriters Insurance Companies of this city.

The record for standing steam was lowered to-day by Newbern, the time being 2 28—six seconds lower than last year.

There were six entries for the individual foot race of 100 yards. It was won by Emmet Kornegay, of Goldsboro; time 10 1/2 seconds.

## Resolutions of Thanks.

At a meeting of the North Carolina State Firemen's Association, held in Greensboro, August 1st, 1899, the following resolutions were unanimously adopted:

"The firemen of North Carolina, in meeting assembled,

"Resolved, first: That the people of Greensboro have opened their homes and their hearts to us and entertained us in the most hospitable manner, and their courtesy and kindness is deeply appreciated by the members of this association.

"Resolved, Second: That the thanks of this association be extended to the various railroads of this State that have shown us the courtesy of transporting our apparatus free and given us a very reasonable rate.

"Resolved, third: That a copy of these resolutions be sent to the daily papers of Greensboro and the leading dailies of the State, with a request to copy.

"F. M. Miller,

"James McNeill,

"T. C. Daniels,

"Committee."

## A Frightful Blunder.

Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all Skin Eruptions. Best Pile cure on earth. Only 25 cents. A box. Cure guaranteed. Sold by J. H. Hill & Son, Druggists.

ITCH on human cured in 30 minutes by Woolford's Sanitary Lotion. This never fails. Sold by M. E. Robinson & Bro., Druggists, Goldsboro, N. C.

## "HIS NAME WAS SAMPSON"

When the Spanish fleet for long weeks lay. At the head of Santiago Bay. Who gathered our ships from North and South. And drew them across the harbor mouth. A corset which never a foe passed by— Say, was it Sampson or was it Schley? Who, tireless and patient, with foresight keen. Ordered the Daily Discipline. Set every ship in her destined place. Ripe for attack or ready for chase. Railing the whole with a sleepless eye— Now, was it Sampson or was it Schley? Honor in full to each brave man Who fought, and won, on the Admiral's plan. "Glory enough to go 'round'" I say. But the heart and the head of that gallant day. Was firm, brave man with the purpose hip. And his name was Sampson; it was not Schley. (Selected.)

## THE ARGUS AND THAT CANAL.

Our friend Robinson of the Goldsboro Argus gave his readers a very excellent article on the value of canals a few issues ago. We presume he is paving the way for a canal connecting his progressive boro with the Neuse, so as to secure cheap transportation by way of the latter river, made navigable some years ago by the government. We wish the new enterprise success. —Raleigh Post.

No, brother Furman, it was not to reach the Neuse that we were advocating the canal. Goldsboro already encumbers the banks of the Neuse, a navigable stream, as you say, but still we are fearfully and shamefully discriminated against by the "pooled" railroads that centre here and sap everything except the mere life-blood of trade. The Neuse is no advantage to Goldsboro as a navigable stream, the railroads taking advantage of "technicalities" to avoid giving us "water rates" of transportation.

But what we are advocating the canal in question for is the more readily, ramifying and cheaply to reach the ocean—the great highway of the world, the traffic over which is not controlled by bloated corporations, and which knows neither the blessings nor the blight of railroads. We might then utilize the Neuse as a navigable stream for reaching the tributaries of the canal and thereby put the product of Goldsboro's looms and lumber mills and agricultural works and furniture factories, and other manufacturing enterprises, on the markets beyond the seas.

We thank you for your reference to the subject, brother Furman, and as it is "a good thing" we hope you will help "push it along."

## A JOLLY SET.

Greensboro Record.

Without discriminating The Record may be permitted to state that the Goldsboro boys are a fine set. We heard more of them, for they were domiciled not far from one of our reporters' residence, and they were entertaining at night. They may have slept some but it was little. They sang, joked and had their fun most of the time, but it was innocent fun—not an oath or vulgar expression was heard from them, though last night they had some little provocation. A crowd of rosters of the Southside boys came along yelling "we've got the belt."

"Yes, and I hope your stomach will grow so big you can't wear it," responded one.

In the crowd was a pretty fair quartette and that end of town was often regaled with some good singing. Good luck to you, boys. Come again; we'll beat you if we can.

During the civil war, as well as our late war with Spain, dysentery was one of the most troublesome diseases the army had to contend with. In many instances it became chronic and the old soldiers still suffer from it. Mr. David Taylor of Wind Ridge, Green Co., Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by Goldsboro Drug Co. and M. E. Robinson & Bro. in Goldsboro, and by J. R. Smith, M. Olive, N. C.

Some people find it easier to take things as they go than to take them as they come. So every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c. and \$1.00. Trial bottles free at J. H. Hill & Sons Drug Store; every bottle guaranteed.

TO CURE A COLD IN 10 DAYS Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

## BRYAN WILL BE ELECTED.

Congressman Clarke Says Democratic Party Is Stronger Than It Was In The Year of 1895

Jackson (Miss.) Evening News

Congressman Champ Clarke was in the city for a short while last evening, having delivered a lecture at the Crystal Springs, Chautauqua on Saturday night. Mr. Clarke is one of the most brilliant members of congress and is an orator of great ability. In answer to a question he said that nothing but the intervention of the Almighty Himself could prevent the nomination of Mr. Bryan as the standard-bearer of Democracy. Mr. Clarke was of the opinion that the next Democratic platform would reaffirm the one of 1896; declare against expansion; take a strong stand against trusts and other forms of oppression and strongly oppose a large standing army, together with a declaration for an economic expenditure of the public funds.

Mr. Clarke was asked about the chances of the party in the coming battle. He said there was no doubt but that they had been greatly improved. He was of the opinion that the people had got weary of Hannibal and that many of those who had refused to vote for Mr. Bryan in 1896 would be found working for him this time. Mr. Clarke said that he had enjoyed his visit to Mississippi and had always had an admiration for this state which is one of the banner democratic states in the union.

## Brothers Fatally Hurt.

Asheville Citizen.

"Precious" Jackson, colored, was killed by being thrown headlong from a hand lever car near Skyland Friday. His brother, Thomas, as reported in The Citizen Friday, was killed at Macon, Thursday while working with a wrecking car crew. Thomas was struck by a chain that tore loose from a badly rooted tree. The tree was uprooted when a strain was put upon it and the chain whipped round like a lash and striking the negro, killed him almost instantly. The day following his brother, "Precious," while driving a lever car near Skyland down the grade, was jerked over the handle bar, the car struck him and he died from the effects of his injuries in a few minutes.

## Indians On the Warpath.

Austin, Tex., Aug. 4.—A dispatch received last night from Casa Grande, Chihuahua, Mexico, says that four American miners just arrived from the upper Yaqui river country were driven out by marauding bands of Yaqui Indians. They state that probably two thousand Americans miners and prospectors are scattered in the Yaqui country, whose lives are in immediate danger, as the Indians are getting bolder and more desperate each day.

It is estimated that there are five thousand Yaqui braves. They take fully forty thousand Mexican troops to conquer them if they reach their former strong-hold, the Chahuarian range of mountains.

## A Thousand Tongues.

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, sometimes I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." So every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c. and \$1.00. Trial bottles free at J. H. Hill & Sons Drug Store; every bottle guaranteed.

## City Cotton Crop—6,000 Bales.

Hon. J. M. Kirk writes from Moravia, date of April 19th last: "My farm-r friends, look at every cotton platform as you pass by and you will see the present (square) bale standing on its head with from two to four great gaping wounds at the mercy of those who want to pilfer. The number of bales in Texas taken from the original runs up into the thousands. I remember during the session of the last Legislature when the bill known as the Compress Bill was being discussed in the committee room, a gentleman from Galveston, who was opposing the measure, in answer to a question asked by me (one of the Committee) how many bales of cotton were made by the compresses in Galveston that were taken from original bales compressed there. He answered 'About six thousand bales.' And yet there are those who decry the American Cotton Company's Roundup bale, from which there is not one ounce of waste and which reaches the mill exactly as it leaves the press.

## Train Wreckers.

Opelika, Ala., Aug. 4.—In a cabin three miles south of here early this morning, Charlie T. Gleze and Lee Williams, two negroes, were captured and later imprisoned in the county jail, charged with attempting to wreck a fast passenger train on the Central of Georgia railroad, about ten o'clock last night.

The negroes had piled a number of cross ties, a mile post and a telegraph pole on the track. The engineer stopped the train a few feet from the obstruction, thus saving many lives.

The negroes were caught with the aid of bloodhounds while still excited by their wild run for liberty.

## Tobacco Companies Absorbed.

Chicago, Aug. 4.—Representatives of the American Tobacco Company have purchased the plant and business of August Beck & Company, for \$300,000. Only a few weeks ago the American Tobacco Company purchased the plant of Grady & Siroz, The American Company, it is said, hold an option on the plant of Spaulding & Merriack, the largest of the three firms engaged in the manufacture of smoking tobacco, in Chicago. If the American Company secures this plant, it is their intention to enlarge it and operate all of the Chicago factories as one.

## "A Quiet Lynching"

Blakeley, Ga., Aug. 4.—The lynching of Lewis Henderson yesterday was made public by the following announcement, posted yesterday afternoon: "A quiet lynching occurred just across the branch from Blakeley this afternoon. The contracting parties were Lewis Henderson, colored, and a party of citizens of Rock Hill district. No cards, no invitations. No excursion trains. Crime assault on the daughter of J. W. Bowman."

State of Ohio, City of Toledo, Lucas County.

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and state aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY, Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1898.

A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

The easiest thing in the world to find fault with is a newspaper.

## Relief in Six Hours.

Distressing Kidney and Bladder Diseases relieved in six hours by "New Great South American Kidney Cure." It is a great surprise on account of its exceeding promptness in relieving pain in bladder, kidneys and back, in male or female. Relieves retention of water almost immediately. If you want quick relief and cure this is the remedy. Sold by M. E. Robinson & Bro., Druggists, Goldsboro, N. C.

## OFFICIALLY NOTIFIED.

Miss Darby Received News of Her Appointment From Washington—Mr. Struthers May be Assistant.

Wilmington Star.

Miss Mary C. Darby, the new appointee to the Wilmington postmastership, received official notification of her appointment at the position yesterday morning together with a bond in the sum of \$50,000 which she is instructed to execute and send to the department as early as possible. From best information obtainable yesterday it was learned that Miss Darby would easily find surety among her friends in the city to the amount required and that it is very probable that Postmaster Chadbourn will retire as early as to-morrow week and Miss Darby immediately assume control of the affairs of the office.

The postmastership under a second class rating has been paying Postmaster Chadbourn \$2,900 per annum, but beginning August 1, the office was advanced to first class and so long as the receipts will justify the same it will remain first class with the salary of the postmaster \$3,000 per year—only \$100 more than under the second rating.

Local Republicans do not appear jubilant over the appointment. While they do not base their objections to Miss Darby personally, there appears to be a derelict of sentiment favoring the appointment of men only to positions of this character. They easily concede her competency, but it is obvious that they want the office as a reward for some political service during the campaign.

Miss Darby says she has nothing to say yet as to whom she will name for Assistant Postmaster, but it is generally believed that Mr. Wm. Struthers will be the appointee.

## Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know the grave of another victim. 'No one should fail to try them. Only 50c. a bottle, guaranteed at J. H. Hill & Son's Drug Store."

## A Generous Gift to a Noble Charity.

Raleigh News and Observer.

Mr. A. F. Page, of this city, has recently given six thousand dollars to the Methodist Home for Orphans and Retired Preachers to be established in Raleigh. He is one man who, when he gives with his right hand, does not let his left hand know it, but in this instance the trustees of the Home have felt it proper to let us print the name of the generous donor.

It is a noble gift to a noble charity. There is no service to humanity that is more Christ-like than to give shelter, education and religious training to the orphaned boys and girls. "Of such is the Kingdom of Heaven." Those who give of their means, of their time, of their love to bring light into the darkened lives of the fatherless will have their reward.

## Trial of Spanish Officers.

Madrid, Aug. 5.—The supreme council of war deliberated over its judgment in regard to the surrender of Santiago de Cuba to the American troops. The verdict will be rendered to-morrow. It is reported that the accused officers will be acquitted. It is said the public prosecutor has submitted a report demanding that imprisonment for life be imposed upon the Spanish officers responsible for the surrender of Manila.

## ASKED TO EXPLAIN.

Demand Upon Admiral Dewey By the Austrian Government.

Paris, Aug. 5.—A dispatch to the Libre Parole says the Austrian government asked Admiral Dewey to explain the statement said to have been made by him, that the next war of the United States would be with Germany, and that the United States would be supported by England. To this request the Libre Parole says Admiral Dewey replied that he would deny nothing he had said, and thereupon advanced the date of his departure from Trieste.

Washington, Aug. 5.—Regarding the published statement accredited to a French paper, to the effect that the Austrian government made a demand upon Admiral Dewey to confirm or deny his alleged statement to the effect that our next war would be with Germany, the State Department officials point out that it would be a glaring breach of diplomatic proprieties to communicate on a diplomatic subject with a United States naval officer directly, and outside of the lawful channels. It would, moreover, be a matter of complaint should Austria have addressed Admiral Dewey on a matter relating entirely to Germany and the United States.

Naples, August 5.—Admiral Dewey, who arrived here to-day, from Trieste, on board the United States cruiser Olympia, was visited by Mr. Lewis Morris Iddings, secretary of the United States embassy at Rome; Mr. Richard O. Parsons, second secretary of the embassy; Mr. Hector De Castro, United States consul general here, and the vice-consul, Mr. Charles M. Wood.

The admiral commanding this station, the commander of the garrison, and the prefect also visited Admiral Dewey on board the Olympia to-day, and the American admiral returned their visits. Forty American tourists afterward visited the Olympia. Admiral Dewey and the crew of the Olympia are all in good health. It is said the cruiser will only remain here eight or ten days.

The pursuit of pleasure is often as dangerous to life as the pursuit of "the bubble reputation." The bubble reputation, rich foods, and irregular rest, must result in a depleted vitality. There is a feeling of languor, the appetite fails, sleep does not refresh, life loses its interest, and nervousness or hysteria may make life miserable.

The preservation of the healthful tone of the body depends chiefly on keeping the blood pure, and the stomach and other organs of digestion and nutrition in a condition of health. When any of the above mentioned symptoms appear the timely use of Dr. Pierce's Golden Medical Discovery will restore the body to a healthy equilibrium. It purifies the blood, nourishes the nerves, and restores the deranged stomach and all allied organs to a condition of sound health.

There is no alcohol, whisky or other stimulant contained in "Golden Medical Discovery."

"I was troubled with very frequent headaches often accompanied by severe vomiting," writes Miss Mary Bell Sumption, of San Diego, Cal., "and I was unable to eat or sleep for twenty-four hours at a time. I was entirely unfit for work, and my whole system run down. I was advised to try Dr. Pierce's Golden Medical Discovery and did so with such satisfactory results that before finishing the third bottle I felt perfectly able to undertake the duties attending my public school life. I most heartily advise those suffering with indigestion, and its attendant evils, to give this great medicine a fair trial."

Dr. Pierce's Pleasant Pellets cleanse and regulate the stomach, liver and bowels. They produce pure, permanent benefit and do not react on the system. One is a gentle laxative.

## Livery!

Double and single teams—except Sundays. Phone 51, dawning8 SAM EASON.

Schools in Cuba and Elsewhere.

Prof. J. F. Draughon, who recently visited Cuba with a view of investigating the outlook for establishing a school in Havana, Cuba, next fall, on his return visited Savannah, Ga., where he arranged to open a well equipped Business College June 15. Prof. Draughon now has flourishing business colleges located in Nashville, Tenn., Galveston and Texas. These colleges have superior courses of instruction, and special facilities for securing positions. See Prof. Draughon's ad. elsewhere in this issue and write for illustrated catalogue. Special rates will be given who enter either of his colleges soon.
